Sorry I didn't get back to you sooner. I was trying to give John some time to give you his perspective. Overall, I think letter looks good. You may want to say something acknowledging the role of transport in the area and express EPA's intent to work within the framework of the Act to address ozone transport issues.

Subject: Draft response to control about Sheboygan designation

Hi Kathleen and John,
Here's my shot at a response to the control about Sheboygan. The incoming letter was a bit mixed up and unclear. Although, I understand it better since Kathleen gave me the background of what's been going on. Still, I wasn't sure how to respond or the level of detail. I appreciate your review and input.

Timing – I just found out this afternoon that I had to do the response and it is due Monday! Can't get an extension.

Thanks for your help.

p.s., there's some song about Sheboygan that I can't quite remember. I just googled and found, "Mention My Name In Sheboygan" but that's not the one. (I did just listen to it anyway. Do you know of other Sheybogan songs?
